About Murano

Dating back to the eighteenth century, Murano glass chandeliers were first produced by Venetian glassmakers on the Murano Island in Venice. Murano chandeliers were famous for lighting theaters and prestigious palaces.
The manufacturing process of Murano chandeliers is considered an artistic journey which makes them still available to this day and widely appreciated as beautiful masterpieces. This type of chandelier is distinguished by its rich colors, transparent and opaque glass variations, and festive design elements which include flower-shaped glass adorning a metal frame.

Asfour Crystal introduces “Il Murano”, its very own chandeliers line that integrate the Italian Designs and Egyptian Craftsmanship together to set a new state of an art

chandelier. Asfour Crystal takes pride in the quality of its new chandeliers as they are made of the highest quality material extracted from the purest sand in the world. All chandeliers are handmade and available in a variety of designs and colors. Il Murano chandeliers are a joyful and fashionable trend to decorative lighting.
